

The Feminist Women's Health Center has a program focusing on **BLACK WOMEN'S WELLNESS!**

We understand that race-associated differences
can negatively affect health outcomes.

If you are interested in focus groups,
culturally-appropriate support, and educational
opportunities, please contact:

*This is a chance to voice your opinion on sex, relationships,
and barriers to your health!*

Are you stressed about your sexual health?

...Do you feel powerless in conversations about condom use?

...Does your religious upbringing complicate your reproductive decision-making?

We want to hear your concerns about
BLACK WOMEN'S WELLNESS!

We want to improve women's lives by understanding racial healthcare barriers.
