INSTRUCTORS

Melissa Young, PhD

Assistant Professor, Global Health

Parmi Suchdev, MD, MPH

Associate Director, Emory Global Health Institute

Reynaldo Martorell, PhD

Professor of International Nutrition

Rafael Flores, PhD

Nutrition Branch Chief, Division of Nutrition, Physical Activity and Obesity, CDC

COURSE OBJECTIVES

- Describe the magnitude and severity of global micronutrient malnutrition (MNM).
- Describe policies, strategies, programs and projects aimed at eliminating maternal and child MNM, including evidence of efficacy and effectiveness.
- Define roles and responsibilities of the public, private and non-profit sectors in implementing national programs and advocating for MNM elimination.
- Describe available systems for MNM monitoring and evaluation.
- Critically evaluate the global MNM literature.
