**Research Associate.** Produce surveys of academic literature, research primary source material, and gather data to be used in reports and white papers. [Learn more and apply.](#)

### Chicago Booth Full-time RA (position starting 08/01/2018)

To Whom It May Concern:

Anya Kleymenova and Rimmy E. Tomy at the University of Chicago Booth School of Business are hiring a full-time research assistant to start around **August 1, 2018**. This full-time RA will be working on projects in finance and accounting. If you could please forward this posting to any exceptional graduating seniors or recent graduates who would be interested in working with Professors Kleymenova and Tomy for a year or two before applying to graduate school, I would appreciate it. This position has been an excellent preparation for Economics PhD programs, with previous participants going on to institutions like Harvard, Berkeley, Stanford, and UChicago.

Here is a [Job Description](#) with information on how to apply. Please don't hesitate to reach out with any questions.

Thank you,

**Stephen Lamb**

Assistant Director, Faculty Support

**The University of Chicago**

**Booth School of Business**

5807 South Woodlawn Ave

Suite HC 448B

Chicago, Illinois 60637

773.834.2539

Fax 773.702.4480

LAPOP at Vanderbilt University is hiring an entry-level researcher to assist with various aspects of the design, implementation, analysis, and reporting of public opinion studies. The position is ideal for a college or MA-level graduate who seeks experience in a highly collaborative and innovative academic research center.

- [Program Manager, Research & Evaluation](#)
- [Policy & Research Analyst](#)
- Another [Policy & Research Analyst](#) (with a larger focus on academic auditing)

\*YouGov\* is seeking motivated, detail-oriented coordinators to assemble teams of independent contractors to drive to Florida counties on election night (August 28) and obtain precinct-level results as they come in. Coordinators will be assigned a group of counties on a geographic basis, and will be responsible for:

- Recruiting contractors for their teams.
- Assigning contractors to counties.
- Ensuring that their contractors arrive and complete their work at their assigned county.

Coordinators and contractors will be compensated at a base rate and will receive an additional bonus if all assigned counties are staffed and all results returned are accurate.

Interested parties should contact [nick \[dot\] pelikan \[at\] yougov \[dot\] com](mailto:nick@pelikan.yougov.com) no later than 7/15/2018. Please include a resume and two recent professional references.

YouGov's ambition is to become a unique part of the global internet infrastructure. Like Google for search, Facebook for social, and Amazon for retail, we want it to be YouGov for data & trends.

Our innovative, savvy, and highly creative marketing team at YouGov is responsible for promoting the YouGov brand to the world. Our objective is to raise YouGov's profile among the general public, prospective clients, potential panelists, and the media. We achieve this

through content creation—from articles in leading publications to client webinars that affirm our thought leader status, and everything in between.

In this exciting role, you will lead our Facebook survey integration process, a critical part of YouGov's lateral future growth. You'll come up with survey ideas, design questions, set up and program surveys, and format and analyze the data. You'll also work with other vendors and data providers.

What will I be doing day to day?

- Supporting Facebook poll integration, including the design, creation, programming and integration process.
- Supporting our Innovations team, including programming and data analysis for media polls.
- Survey programming: communicate with project managers to fulfill client requests, check data collection, and edit surveys.
- Program surveys into Gryphon, YouGov's homegrown survey platform, including working with the limPy interface of Gryphon and web programming, both html and JavaScript/JQuery.
- Analyze, clean, and format data during and after survey fielding, and write scripts and programs to automate these processes as much as possible.
- Work with Python, R, SPSS, and Crunch, YouGov's reporting platform, for the majority of the data management tasks.
- Monitoring all phases of data collection to ensure clean, representative data and to swiftly correct errors.

What do I need to bring with me?

- Bachelor's degree in mathematics, statistics, computer science, social science, or related field
- Some experience in market research, polling, and/or internet ads is desirable
- Experience in data analysis, data management, and web programming
- Experience in MS Office
- Some experience in SQL
- Programming experience, especially R and Python, and experience with data management tools
- Willingness to collaborate and be part of a team, but think and act independently too

Some additional information . . .

This position is a full time role based in our Washington DC Office To apply for the position, please send a resume and cover letter to [talent \[at\] yougov \[dot\] com](mailto:talent[at]yougov[dot]com)

**EPA four new jobs - hiring recent Bachelor's grads NOW!**

## **New**

# **Aquatic Toxicology Research Associate at EPA**

- Start date: May 2018
- \$20.65 per hour

The EPA Environmental Research and Business Support Program has an immediate opening for an Aquatic Toxicology Research Associate with the Office of Research and Development at the EPA facility in Gulf Breeze, Florida.

The selected candidate shall receive training to provide the technical resources and expertise needed to develop and maintain toxicity databases but shall also culture and test aquatic and terrestrial organisms (e.g., zebra fish, sheepshead minnows, frogs and toads) and provide field assistance, as needed, in assessments of chemical residues in habitats upon which endangered species depend. He/she will contribute to research products and meet milestones and project objectives and provide services in support of research directed under the Chemical Safety and Sustainability Team.

**New**

# Clinical Research Lab Associate at EPA

- Start date: May 2018
- \$21.27 per hour

The EPA Environmental Research and Business Support Program has an immediate opening for a Clinical Research Lab Associate with the Office of Research and Development at the EPA Research facility in Chapel Hill, NC.

The Clinical Research Branch (CRB) of the Environmental Public Health Division operates laboratories and clinical facilities at the EPA Human Studies Facility building (HSF) located on the campus of the University of North Carolina at Chapel Hill.

Responsibilities shall include general laboratory duties as well as project-based tasks. Specifically, laboratory experiments aimed at identifying molecular and epigenetic mechanisms associated with adverse outcomes of pollutant exposure and biomarkers of susceptibility to the effects of pollutant exposure. Candidate will assist in the development of in vitro methods for studying pollutant exposures.

**New**

# Environmental Exposure Research Associate at EPA

- Start date: May 2018
- \$21.27 per hour

The EPA Environmental Research and Business Support Program has an immediate opening for an Environmental Exposure Research Associate with the Office of Research and Development at the EPA's Research Triangle facility in Raleigh-Durham, NC.

The selected candidate shall support the review of information related to sampling and analysis of respirable elongated mineral particles (REMP) as these technologies apply to the measurement and modeling of asbestos in the Iron Range of Minnesota. The review will include data and information to support a gap analysis between REMPs found or potentially present in numerous settings.

**For project details and to apply:**

**<https://www.zintellect.com/Posting/Details/4259>**

**New**

## **Sustainable and Healthy Communities Management Support at EPA**

- Start date: May 2018
- \$21.27 per hour

The EPA Environmental Research and Business Support Program has an immediate opening for a Sustainable and Healthy Communities Management Support position with the Office of Research and Development at the EPA facility in Research Triangle Park.

The selected candidate shall assist the director and deputy director of the Sustainable and Healthy Communities (SHC) Research Program, which supports sustainable solutions to environmental problems. He/she shall provide administrative and communication support to the deputy and SHC team.

### **QTM Math Circle 2018 Summer Job**

The QTM Math Circle has positions open for talented undergraduate students, graduate students, and postdocs this summer! The 3-week summer program will run from July 8th to July 28th. If interested in one of the below positions, please apply online at: <https://www.mathcircle.us/employment>

**Instructor** - Graduate student or PhD with a mathematics/quantitative background. High school teaching experience strongly preferred. Instructors are directly responsible for their class of approximately 30 students. Instructors make and carry out lesson plans, monitor student progress, supervise students during class and daytime activities, supervise Teaching Assistants (TAs), and enforce classroom discipline. Instructors will co-teach with each other and work together on lesson plans.

**Teaching Assistant (TA)** - Undergraduate students with passion for math and teaching. TAs help instructors inside and outside the classroom and work directly with students during class time. They are responsible for aiding instructors with lesson plans, clarifying material and enforcing behavioral guidelines during class, serving as role models, and ensuring student safety during the day program, which runs from 9am to 5:30pm.

**Residential Assistant (RA), male** - Male undergraduate, preferably upperclassman with boarding experience. RAs live in the dormitory with boarding students for the duration of the program. They strive to ensure student safety during the overnight/residential program, to create a sense of community within their group, to enforce behavioral guidelines, and to serve as role models for their students.

## **Part time lab position for undergraduate students**

### **Wharton Lab NBB Undergraduate Student Request**

Seeking 1 NBB Undergraduate student for fast-paced clinical Alzheimer's Disease Research Lab. Student would work with the ASCEND and HEART Studies. Description of studies and Wharton Lab overview can be found at: <http://neurology.emory.edu/research/laboratories/whartonlab/index.html>

#### **Lab Requirements:**

Available to start with the lab this summer, preferably able to start ASAP to be trained by summer

Preferable 2-year commitment (seeking rising juniors or sophomores)

10-12 hours per week

Morning availability

Able to drive / commute to location at 12 Executive Park Dr

#### **Training in both clinical and wet lab work, including:**

Processing spinal fluid and blood (approximately 50% of time spent in lab)

Study recruitment (i.e., study screening calls, staffing recruitment events)

Cognitive testing facilitation and scoring  
Escorting study participants  
Data entry and participant file management

Please send a letter of interest and cv/resumes to [whartonlabemory@gmail.com](mailto:whartonlabemory@gmail.com)

## Part-Time Research Analyst at Armed Conflict Location & Event Data Project

[The Armed Conflict Location & Event Data Project \(ACLED\)](#) is hiring a **\*Part-time Research Analyst\*** to work directly with ACLED's Research Director on a variety of tasks around research and analysis.

**To apply**, please submit a CV and cover letter detailing qualifications and experience to `r [dot] kishi [at] acleddata [dot] com` with the subject title “**\*Analyst Application\_LastName\***” in the subject line. Further information on the project available online at [www.acleddata.com](http://www.acleddata.com).

**\*The project:\*** The Armed Conflict Location & Event Data Project (ACLED) records, publishes and analyses disaggregated data on violent political conflict. The data is publicly available along with information about the project at [www.acleddata.com](http://www.acleddata.com). The data is used for a range of purposes, from academic research on dynamics of conflict to informing diplomatic policy, and humanitarian and development work in conflict-affected contexts.

**\*The role:\*** ACLED is recruiting a part-time research analyst to work directly with ACLED's Research Director on a variety of tasks around research and analysis. The ideal candidate will have experience conducting quantitative analysis (using statistical packages, such as STATA and R), including working with large datasets (e.g. data cleaning, prepping for analysis, etc.). The analyst may also contribute to data management processes as needed. The analyst may support the writing and analysis around conflict trend and thematic reports, including work on creating engaging data visualizations using Tableau. They may also support ongoing studies through conducting desk research and/or literature reviews. As such, familiarity with the academic literature around conflict and political violence would be an asset.

**\*Specific roles and responsibility:\*** The role will require 20 hours per week. All work for this position will be conducted remotely, including the initial training and periodic meetings. Team members may work from home, the library, etc. and at any hours which are convenient, in accordance with set submission deadlines.

**\*Remuneration:\*** Remuneration will start at 20 USD per hour depending on experience / qualifications.

**\*Skills and competencies:\*** ACLED is seeking applicants who have the following skills and experience:

Familiarity with **Excel** (essential);

Familiarity conducting high-level statistical analysis in both STATA and R; Familiarity with creating engaging data visualizations using Tableau; Experience working with large datasets (including data cleaning and prepping for analysis); Experience conducting desk-based research and literature reviews; Research focus or professional experience in conflict research or peace-building in developing states; Familiarity with the academic literature around conflict and political violence; M.A. in related field (asset); Experience working to deadlines with limited supervision; A high level of attention to detail and ability to receive and incorporate feedback.

\*For more details, see: [\\*https://www.acleddata.com/about-acled/opportunities/](https://www.acleddata.com/about-acled/opportunities/)

## **Johns Hopkins Summer 2018 Employment Opportunities**

### **Summer 2018 Employment Opportunities Linguistics Instructor and Teaching Assistant**

Johns Hopkins Center for Talented Youth (CTY) offers challenging academic programs for highly talented elementary, middle, and high school students from across the country and around the world. We are currently seeking highly motivated and qualified candidates to work in our summer programs. Information regarding employment and our summer programs can be found at [cty.jhu.edu/jobs/summer](http://cty.jhu.edu/jobs/summer).

### **We are currently seeking individuals to teach or TA the following course: Linguistics (grades 7 and above)**

Why teach for CTY?

- opportunity to teach motivated and talented students a subject they love
- limited class size (maximum of 18 students) ensures a low student-teacher ratio
- all classes are taught by both an instructor and a teaching assistant
- opportunity to work in an environment with colleagues who share similar interests
- competitive salary plus room and board at our East and West Coast residential sites

2017 Program Core Dates\*

Session 1: June 21 – July 14, 2017

Session 2: July 14 – August 4, 2017

\*Some sites run one week later than these dates. For a full list of locations and dates, please visit [www.cty.jhu.edu/jobs/summer/sites\\_dates.html](http://www.cty.jhu.edu/jobs/summer/sites_dates.html).

### **Terms of Employment**

Starting salary for two sessions is \$4,800 – \$6,000 for instructors and \$2,400 for TAs  
Room and board are provided at residential sites. (Linguistics is only offered at our residential sites.)

## **Desired Qualifications**

Teaching assistant candidates are generally graduate or undergraduate students with experience tutoring or as a college-level TA.

Instructor candidates generally have independent classroom teaching experience and are graduate students or faculty.

## **More Information**

Instructor and Teaching Assistant positions:

<https://cty.jhu.edu/jobs/summer/positions/residential/index.html>

Employment with CTY: [www.cty.jhu.edu/jobs/summer](http://www.cty.jhu.edu/jobs/summer)

**Questions?** Please feel free to contact us via email at [ctysummer \[at\] jhu \[dot\] edu](mailto:ctysummer@jhu.edu) or by calling 410-735-6185.

## **Six-Flags part-time data coordinator**

Link: [www.sixflags.com/overgeorgia](http://www.sixflags.com/overgeorgia)

Christian McIlwain the Marketing Supervisor at Six Flags Over Georgia reached out with a job opportunity. Looking for a part-time seasonal Data Coordinator. This position will be paid an hourly rate and can also be used for credit as an internship as needed. The Data Coordinator would be in charge of leading our survey team that gathers emails and surveys from guests and puts them into a tablet. They then receive weekly reports from our corporate offices showing us different demographic data to compile.

Description: To supervise the daily operations of the Marketing Research team, as well as collect and analyze high-quality data from guests. This is not a full-time position. Seasonal hourly rate applies. Able to be used for internship credit if needed.

More information: [2018 ATS Data Coordinator](#)

## **Summer Teaching Positions**

### **Summer Teaching Positions Available: Teach Reading to Students of All Ages This Summer**

- Earn more than \$6,500 duringthesummer. Teachers typically earn between \$550 and \$700 per week while teaching.
- Gain over 500 hours of teacher–training and teaching experience with a variety of age groups.
- Help students of all ages develop their reading skills and ability to become imaginatively absorbed in books.

The [Institute of Reading Development](#) is seeking candidates for summer 2018 teaching position. We seek applicants with an undergraduate degree or higher from any discipline. We provide a paid teaching program and comprehensive on-going support.

We hire people who:

- Have strong reading skills and read for pleasure
- Are responsible, hardworking, and have good communication and organizational skills
- Will be patient and supportive with students

We invite you to submit an online application and learn more about teaching for the Institute at: <http://instituteofreadingdevelopmentteachingjobs.com/>
