

Digital Storytelling Assignment Sheet

For this assignment, you will use a video editing software/app of your choice to share your recorded 5-minute-long presentation about a cultural production we study in class. The objective of this assignment is to produce a material that is easily shareable technologically and accessible to the wider public in terms of its content.

Assignment Direction

The content of your Voice Thread should contain elements below:

- ❖ Synopsis of the cultural production of your choice
- ❖ Historical context
- ❖ Information about author
- ❖ Your analysis of the work

Steps to create a video

1. Write a script containing the four elements above
2. Make a storyboard based on your script
 - a. Divide your script into scenes
 - b. Assign visual media such as images or videos and narration to each scene and consider effects and transitions.
 - c. Storyboard templates
